Hi

Please see below. Landscape is the key specialism which needs to comment on this, so ecology comments are restricted to the points below at this stage, due to time pressure. I have not reviewed the documents myself.

Hi Des

S/RES/24/1020 | Reserved Matters application (following planning application S/OUT/13/1555) for Land North of A420, Eastern Villages. Details of the layout, scale, appearance, access and landscaping in relation to the Primary Street connecting Old Vicarage Lane to Thornhill Road. | Land North Of A420 Eastern Villages Swindon

SUMMARY

These reserved matters are predominantly regarding details of the layout, scale, appearance, access and landscaping.

I'm conscious that this is probably one more for the relevant Landscape and Arboricultural officer to reply to in relation to these specific documents and assume they have not been comment upon at the moment as I cannot see any internal advice uploaded to the public planning portal website.

There are no specific ecological documents for review under S/RES/24/1020 so again, I'm assuming that the original documents such as FLEAMP, CEMP etc for S/OUT/13/1555 have been agreed (no change) for adoption and still stand for full implementation?

Kind regards,

Andrew
