With regards to this application we have concerns about the location of the access road just behind our property on thornhill road. I have been in touch with the council before regarding the speed limit on this road and it is very difficult for us to get in and out of our drive on a blind bend in a 60 mph limit , I cannot see this getting any better but rather worse with an access road on this blind bend.
I also think this road looks like a main road and will probably be used for a cut through when Oxford road is congested .
Would it not make more sense to just put a road straight into the housing estate further up thornhill rd ?

Regards
Tracie and Paul Heard
