Good afternoon,

Thank you for your email.

I would like to fully endorse South Marston Parish Council's comments with respect to phasing, construction traffic, the rail bridge, drainage, traffic speeds, and community liaison.

I also note the concerns/objections raised from Highways, Drainage, and Ecology Officers, who are recommending the condition is not discharged.

I would expect these concerns to be addressed as part of the planning application process, but in the event they are not, and Officers are recommending approval of the application, I would like to request this application is called into the Planning Committee on the grounds outlined above.

Can you please confirm receipt of this email? Thank you in advance.

Kind regards,
Matt
