Dear Ed,

RE: Application Ref: S/COND/22/0483 - Discharge of condition 26 (Thornhill Road Junction) and partial discharge of conditions 36 (CMS), 37 (CEMP), 13 (Tree Protection), 17 (Bats), 53 (Slab Levels) and 54 (Materials) from previous outline permission S/OUT/13/1555.

The above application was submitted to the Council on 25 March 2022, with the respect to the full discharge of Condition 26 and partial discharge of Conditions 36 (Construction Method Statement), 37 (Construction Method Statement), 13 (Tree Protection), 17 (Bats), 53 (Slab Levels) and 54 (Materials) in relation to the area within the red line boundary shown on drawing 335-HL-056-105M. The information enclosed is supplied as an update to the information previously submitted.

Updated Information

This updated information pack includes:

- WCHAR (ref:1335WCHARRV0 RV4)
- Drainage Design (ref: 1335 TN41 Rv 2)
- Arb Assessment (ref: 1796 - Land East of Thornhill Road - Rev B)
- CEMPMS (ref: Jan 2024 - Rev D)
- Site Compound Layout (ref: 1335-HL-056-127A)
- Drawings
    - GA Plan (ref: 1335-HL-056-100S)

- WLC612-1-DCR-001-R0_Design_Considerations

For ease and clarity, **Appendix 1** of this covering letter provides a list summarising which documents are superseded by this updated package and clarifies new additional plans / documents.

The amendments to the application reflect the changes requested over the past 18 months through consultation and engagement with Swindon Borough Council and South Marston Parish Council, including:

- The relocation of the site compound to the east of the existing hedgerow. The change is proposed to reduce the likelihood of potential queues along Thornhill to gain access to the site.
- An increase to the size and capacity of the SuDS basin to the north of the roundabout, and the relocation of the maintenance access to the east of the hedgerow to improve safety for users.
- Removal of the new footway link along the north of the junction, as recommended by the Senior Transport Development Manager Engineer .
- Inclusion of a pedestrian refuge on the southern arm of Thornhill roundabout which can accommodate a potential future pedestrian crossing facility.
- The drawings also now demonstrate the connection to the haul road, as approved under application S/COND/22/0879.
- Additional information provided on RSA, lighting and swept paths.
- Updates to CEMPMS requested by the Senior Transport Development Manager Engineer.

We trust that this is sufficient information for you to progress the application towards a positive determination.

Please do not hesitate to contact me or my colleague Sam Wood (swood@davidlock.com) should you have any queries on this submission.

Yours sincerely,

TANYA COSFORD
Associate
