Hi Des

Please find my response below.

-
S/RES/24/0551 | Reserved Matters application (following planning application S/OUT/13/1555) for details of the layout, scale, appearance, access and landscaping in relation to a foul water pumping station. The outline planning application was subject to and submitted with an Environmental Impact Assessment. | Land North Of A420 Eastern Villages Swindon
-

SUMMARY
-
-

- **LANDSCAPING PLAN**
  (Drawing, fpcr, 2.5.24. 1796-L-120)

  In relation to the Native Woodland Edge and Native Species Rich Hedgerow planting, it would be good to also incorporate some Blackthorn (*Prunus spinosa)* and Alder Buckthorn (*Frangula alnus*), with the addition of one or two Elm and Ash. All these are especially good as Larval Host Plant (LHP) and have been identified as species already present on-site.

- **TREE SURVEY**
  ('Arboricultural Assessment', fpcr, May 2024 – Rev. A Final)

See Arboricultural Officers comments

- **LEAMP PLAN**
  (fpcr, May 2024)

A CEMP is requested alongside the LEAMP to cover all construction works and activities and be in-line with BS 42020:2013 Biodiversity - Code of Practice for Planning and Development - Section 10

- **ARBORICULTURAL**
  (Development Management Consultation Response, 27/6/24)

Objection - changes required

Concerns: 67m loss of hedgerow and a mature Oak

Kind regards,

Andrew
