SBC Application Ref:
S/RES/24/1020

Dear Ed,

WOODLANDS, SWINDON NEV
RE: RESERVED MATTERS APPLICATION FOR SOUTH MARSTON PRIMARY STREET PURSUANT TO OUTLINE PLANNING PERMISSION S/OUT/13/1555/EDSN

On behalf of our client Vistry Cotswolds and Taylor Wimpey Southern Counties (VTW), we are pleased to submit to Swindon Borough Council an updated submission package for the reserved matters application (RMA) (ref: S/RES/24/1020) pursuant to the outline planning permission S/OUT/13/1555/EDSN. The formal description of this reserved matters application is as follows:

> *Reserved Matters application (following planning application S/OUT/13/1555) for Land North of A420, Eastern Villages. Details of the layout, scale, appearance, access and landscaping in relation to the Primary Street connecting Old Vicarage Lane to Thornhill Road.*

This updated application package comprises the following information:

- This Covering letter
- 1335 RM1- Drainage Strategy v1 (Appendices A-D)
- 1796 AA Primary Street Rev C
- 1796 LEAMP Primary Street REV A
- Drawings

Following the original submission of this application, comments were received from SBC Highways, LLFA, and South Marston Parish Council. A summary of the amendments to address the consultee comments received is set out below.

Please note that the application has also been amended to ensure that it aligns with the adjacent residential parcels approved through planning permissions S/RES/24/0947 and S/RES/24/0923 approved on 04 December 2025 and 29 January 2025 respectively.

Drainage

The updated submission package has sought to address the LLFA comments in relation to the maintenance section of Drainage Strategy, as well as the safety of proposed basins.

Highways

We have engaged with SBC Highways, to ensure that the technical design of the proposed primary street meets adoptable standards. The updated package now includes amendments to address officer comments through:

- The provision of new controlled crossing points along the primary street;
- Reinforcing the prioritisation of pedestrian and cyclist movement
- Demonstrating the location of future bus shelters;
- Creation of traffic calming measure along the primary street off the Thornhill roundabout; and
- Ensuring that a 0.5m verge is provided along the length of the primary street between the carriageway and the cycle.

Please do not hesitate to contact me or my colleague Tanya Cosford (tcosford@davidlock.com) should you have any queries on this submission.

Yours sincerely,

S.Wood
