Condition 60 states:

The studies should determine the magnitude of any new additional capacity required in the system and a suitable connection point. Once agreed all works shall be implemented in accordance with the approved scheme and retained in the approved form'.

The submitted Technical Note has been informed through discussions with Thames Water. The report includes the magnitude of additional capacity required and agreed connection points. These include 130 dwellings from the 4 inch water main on Old Vicarage Road and the remainder 2250 dwellings, school, retail and employment from the 560mm HPPE Axford main located off the White Hart roundabout.
